## Information

Friends,

As you all know that the three yearly elections of the Federation may be held in the first quarter of next year 2023, because the National Treasurer of the Federation has retired from service on October 3, 2022. He has been urged to continue in office till the next elections. Apart from this, National President Mr. Rampher Pandey is retiring in February 2023. In the executive meeting of the Federation dated 15-09-2022, it was decided that the retired office bearers will continue on their post till the next elections.

I request all of you colleagues/member committees to forget mutual differences and sit together and prepare a framework for the election process according to the Rules and bye-laws. We are of the view that on 13 December 2022, on line google meet may be held at 1:30 pm, in which the prescribed criteria for nomination should also be decided by taking a decision on the upcoming elections of the Federation.

I again request you to forget mutual differences and politics of hatred in order to strengthen mutual unity, let us unite and conduct the Federation Elections and again request all of you to join the online meeting on 13th December 22 and guide us for adopting the procedure for the upcoming election.

I request all the members/State association to deposit their arrears of membership fee in the Federation for the smooth conduct of elections. The same can be deposited online through the website of the Federation.
